LICENCE CHECKING

Licence Checking Made Easy

Reduce risk, time and administration with Jaama's Licence2Check – an online service that instantly checks driver licence details with the DVLA.

Ensure that your drivers have the appropriate licence categories to legally drive vehicles on company business and maintain accurate records of endorsement points with our secure, simple to use service. Licence2Check can be fully integrated with our award-winning Key2 Vehicle management system or it can be used as a standalone solution.

Automate Your Driver Licence Checking

The only way you can be absolutely certain that an employee is licenced to drive a specific category of vehicle is to carry out regular checks against the DVLA database – Licence2Check increases business efficiencies as it provides instant real time licence checking and actively performs re-checks with a frequency based upon your defined risk criteria.

Seamless licence checks against the DVLA database via Licence2Check returns details such as:

- ✓ Licence status
- ✓ Licence categories
- ✓ Restrictions
- ✓ Convictions
- ✓ Offences
- ✓ Endorsements
- ✓ Points
- ✓ Disqualifications

Licence Checks That Save You Time

- ✓ Reduce the administrative burden of paper mandates, drivers can give consent electronically using eDeclaration
- ✓ Pay per check charging makes it a cost effective solution
- ✓ Fleet Managers can have a holistic picture of driver risk and fleet management operations when used in conjunction with Key2
- ✓ Complete audit trail helps towards road safety duty of care compliance
- ✓ Alerts you of any licence issues uncovered from the check
- ✓ Ensure your grey fleet drivers are fully licensed
- ✓ Store documents against drivers, such as medical records

DRIVER

LICENCE CHECKING

Secure and Reliable

Jaama is dedicated to information security and our driver licence checking service is fully compliant with security and data protection.

- ✓ Key2 software meets the most rigorous standards
- ✓ ISO:27001 and ISO:9001 accredited
- ✓ Active members of the ADLV (Association for Driving Licence Verification)
- ✓ Fully GDPR compliant

Licence Portal

Looking for an easy-to-use standalone licence checking solution? Look no further, Jaama's Licence Portal is a modern, robust online application that enables the checking of drivers' licence information in real-time.

- ✓ The dashboard is the central hub of the Licence Portal, where you can easily view a number of informative statistics relating to the status of driver records.
- ✓ Upload tacho and CPC cards
- ✓ Manage driver mandates and request consent – the Licence Portal utilises both paper-based mandates and electronic mandates.
- ✓ Submit licence checks

"Utilising licence checking services with Jaama has saved Pertemps 40 hours per week in administration time – so the actual cost saving is huge."

"The licence portal has been very well received in the branches we have rolled it out to and the feedback has been excellent the overall look and feel is very modern and user friendly. The dashboard is excellent as the traffic light system profiling mean you can instantly see when you log in if something requires your attention and needs to be done."

"The huge benefit of the portal is the instantaneous checks. A driver can come into one of our branches and have their licenced checked there and then, which is great and we know instantly if they are legally permitted to drive."

- Tim Stokes, Fleet IT Manager, Pertemps

Switching software supplier or procuring a new system has never been easier
